

POLYVIALS® D

PRECISION WIDE MOUTH BOTTLES FROM HDPE

Injection blow molded precision wide mouth bottles made from ultrapure natural HDPE with a special leak proof PP screw cap. Specially designed for storage and transport of valuable reagents. Engineered for air transport, safe sealing at low temperatures (-50°C)

and low pressure. Highly controlled manufacturing on modern equipment under cleanroom standards class 10.000 (US STD 209E, ISO 7) with In-Line quality control.

Our Polyvials® D are now also available with tamper-evident caps!

They are manufactured under dust-free conditions from a special polyethylene for pharma packaging. A yellow ring secures the screw cap. Caps are available in multiple colors: white, black, red, green, blue and yellow.

Polyvials® D

Catalog No.	Volume	Dimensions	Screw Cap	Material	Pack Size
3023070	1000 ml	ø 92 mm, height 195 mm (with cap)	ø 60 mm, ISO 60-415	natural	30
